

White's Cottage Center

332 Marshall Alley, Angleton, Texas
Office:(979)849-4744 Fax:(979)849-3506
whitescottage@aol.com

3/18/2020

The health and well-being of White's Cottage Center residents and employees is our first priority. We're closely monitoring the situation and, in accordance with the CDC and other health agencies, are continuously evaluating our policies and taking extra precautions to protect our residents and staff. **Temporarily, we are requesting that family and friends do not visit our facility.** Out of an abundance of caution, we are restricting visitors and limiting access to our facility to essential personnel following a screening process in line with CDC and state guidelines.

We understand that connecting with your loved ones is incredibly important, and there are a variety of other ways you might consider communicating with them. These may include telephone, email, text, video chat or social media, with the assistance of our staff. Families with extenuating circumstances, such as an end of life situation, may request special arrangements be made by contacting the facility directly.

White's Cottage Center will continue to follow the CDC, State and Local health authorities' recommendations and mandates closely. Additionally, we have increased our screening requirements to now include temperature checks for all residents and employees.

We continue to monitor new developments and evaluate our precautions daily. We're committed to protecting our residents and staff during this time, and we will continue to take all necessary precautions with their health and safety in mind.

We are regularly updating White's Cottage Center's residents and family members via email, on social media and over the phone, but if you have an urgent question, as always, please reach out to the facility at any time.

Best regards,

Lois White
